

I am supporting #ECCAM17 because . . .

At EuropaColon we believe that more must be done. We call on Governments, Politicians, Healthcare Professionals, Ministries of Health, Media, General Public, Patients and Carers to be **United Against Colorectal Cancer**.

Join us in 2017 by following three simple steps, show your support by joining the united voice against Colorectal Cancer.

Step One

Download the **I am supporting #ECCAM17 because . . .** poster and add a simple statement to show your support. This might be personal to you, a general statement or feel free to use one of the examples below:

- We want equal access to treatment and care, no matter where we live and no matter where we are from in Europe
- One of the most important steps towards prevention is screening
- CRC kills through embarrassment
- Early detection of CRC saves lives
- We all want the same goals – fewer deaths from CRC

Step Two

Take a photograph of you holding the sign and get set to share! Be creative in where you take the photo, how you take it, gather your friends together for a joint photo.

Step Three

Share on Facebook and Twitter using the hashtags **#ECCAM17** and **#United** spreading the message across Europe . . . the world!
